

Poker Trick

Effect:

Have a full poker hand selected from packets of 10 cards. Volunteer selects last card after looking at his cards and the final two cards. The cards not selected by volunteer always yield the winning poker hand.

The Method:

The 10-card packet is stacked as follows:

- Ace of Spades
- 9 of Spades
- Ace of Diamonds
- Ace of Clubs
- 9 of Hearts
- 9 of Clubs
- King of Spades
- Queen of Spades
- Jack of Spades
- 10 of Spades

Do the following with your own patten:

- Do some fake mixing and cuts of 10-card packet
- Have volunteer select ether one of the top two cards (other card goes to other hand)
- Have volunteer select ether one of the top two cards (other card goes to bottom)

- Have volunteer select ether one of the top two cards for other hand (other card goes to bottom)

- Have volunteer select ether one of the top two cards for other hand (other card goes to bottom)
- Have volunteer select ether one of the top two cards for other hand (other card goes to bottom) NOTE 3 CARDS EACH NOW

- Have volunteer select either one of the top two cards for other hand (other card goes to bottom)
- Have volunteer select either one of the top two cards for other hand (other card goes to bottom) NOTE 4 CARDS EACH NOW
- Show volunteer two remaining cards and have he or she select the card which gives the best poker hand. IMPORTANT TO STATE IT THAT WAY (other card goes to other hand)
- Volunteer's hand will be a full house
- Other hand will be a Straight Flush King high or Ace high
